ADVANCED POST GRADUATE
UNIVERSITY COURSE

PRENATAL EDUCATOR FOR CONSCIOUS PARENTING

I EDITION A.Y. 2014-2015

First European Multidisciplinary University course on the topic of prenatal life, with the participation of experts of national and international caliber.

OBJECTIVES

Focusing on Prenatal Education and Peace-building, the course provides a series of top professional skills, also to professionals who already work in medical and paramedical contexts.

CAREER OPPORTUNITIES

The multidisciplinary nature of the course implies that it is aimed at professionals in the medical, paramedical and obstetrician fields, and even at psychologists, social workers and staff of governmental and non-governmental Organizations operating in territories in conflict. It is therefore intended also to all those who interact in highly aggressive contexts of social unrest and social conflicts. The Course provides them with a range of additional skills that can be summarized as follows:

- Medical and scientific knowledge with practical use
- Psychological and sociological skills
- Practices and protocols for prevention and prenatal and perinatal therapy. Health promotion and education for life
- Socioeconomic, political, legal, historical and cultural skills aimed at understanding the links between parenting awareness and conflict prevention and conflict transformation, to learn how to sustain Peace building by education to being

COURSE ORGANIZATION
